2-Year	\$78	
Vocational/Technical	\$64	<b>\$2.16</b>

<b>Quarter Based Institutions</b>		
<b>Institution Type</b>	<b>Cost per Credit Hour</b>	<b>Cost per Clock Hour</b>
4-Year	\$105	
2-Year	\$52	
Vocational/Technical	\$42	\$1.44

**Note:**

- OSFA calculates the BFFAS award using a weighted average based upon officially published main campus tuition and applicable fees at the comparable public sector. OSFA calculates the BFFMS award based on 75 percent of the calculated BFFAS award. Values in red denote an update from the prior year.
- The values above represent the cost per credit/clock hour amount for students attending a **private** postsecondary institution. Students attending a **public** postsecondary institution should not use these values. Instead, students should contact the Financial Aid Office at the public postsecondary institution they are planning to attend.
