Student Award Reinstatement

A student who met the requirements for a renewal award, but did not receive an award during a full year of eligibility and wishes to reestablish use of the grant, may apply for reinstatement with the postsecondary institution in a subsequent year provided the student has earned an institutional cumulative GPA of 2.0 on a 4.0 scale as of the end of the second semester or third quarter of the academic year preceding the year the award is sought.

Institutional Appeal Process

An applicant who believes financial aid has been wrongly denied has certain rights to appeal. An institutional academic progress appeal is to be filed within 30 days of the denial letter or by the date established by the institution's financial aid office, whichever is later.

Transferring from one institution to another could affect an applicant's award.

Use of an Applicant's Social Security Number/Non-discrimination Statement

The Privacy Act of 1974 requires state agencies to inform applicants of the reasons for requesting their Social Security Numbers (SSN). The FDOE requests an SSN on all applications for student financial assistance in order to correctly identify applicants, match each applicant's financial aid record with the student record at the postsecondary institution the applicant attends, and help coordinate state student aid programs with federal student aid programs.

An applicant will not be denied financial assistance for failure to disclose the SSN. Without an SSN, correct identification of an applicant's record cannot be assured and may result in an error in the award amount or a delay in the award disbursement.

Pursuant to section 1000.05, Florida Statutes, state student financial assistance is provided to eligible applicants without discriminating on the basis of race, ethnicity, national origin, gender, disability, or marital status. Minority status will be considered when required by law as a condition of eligibility or selection.
