Prohibition on the Awarding of Scholarships, Grants, and Other Aid

Per section 1009.8963, Florida Statutes, a student who promotes a domestic terrorist organization or a foreign terrorist organization whose designation as such has been published in the Florida Administrative Register in accordance with section 943.03102, Florida Statutes, during any term of enrollment, **may not be awarded any institutional or state grants, financial aid, scholarships, or tuition assistance** under this chapter. This language affects all state scholarship and grant programs under the purview of the Office of Student Financial Assistance (OSFA).

Use of an Applicant's Social Security Number/Non-discrimination Statement

The Privacy Act of 1974 requires state agencies to inform applicants of the reasons for requesting their Social Security Numbers (SSN). The FDOE requests an SSN on all applications for student financial assistance in order to correctly identify applicants, match each applicant's financial aid record with the student record at the postsecondary institution the applicant attends, and help coordinate state student aid programs with federal student aid programs.

An applicant will not be denied financial assistance for failure to disclose the SSN. Without an SSN, correct identification of an applicant's record cannot be assured and may result in an error in the award amount or a delay in the award disbursement.

Pursuant to section 1000.05, Florida Statutes, state student financial assistance is provided to eligible applicants without discriminating on the basis of race, color, national origin, sex, disability, or marital status. Minority status will be considered when required by law as a condition of eligibility or selection.
